

## EUROPEAN ASSOCIATION OF REHABILITATION IN CHRONIC KIDNEY DISEASE

---

OFFICIALLY ENDORSED BY THE ERA-EDTA SINCE 2001

<http://euroreckd.eu/>

Milan, June 7, 2020

### **Annual report**

### **Council activity**

The council has had 8 Skype meetings since the last annual general assembly.

### **Scientific activities**

- A European scientific collaboration has been launched, the EUSUREX NCT03923972. EUSUREX is a survey comprising 5 questionnaires to describe barriers and status of prescription of physical activity/exercise training within Europe. The questionnaires will explore the following levels: health care system within the country, renal unit, nephrologist, renal nurse and patient. Italy, Greece, Belgium, Estonia, England, Scotland, Sweden, Germany and Spain are currently participating. To date, two countries: Greece and Sweden have completed.

### **Cooperation with other Societies**

- The EURORECKD is endorsed by the ERA-EDTA.
- The EURORECKD is cooperating with the European Association of Preventive Cardiology.
- The EURORECKD's activities are also disseminated on the site of the British Renal Society and a facebook group set up by dr Pelly Koufaki.
- Members of EURORECKD were invited and have participated in GREX inaugural conference in Calgary, Canada in 2019.
